SUMMARY

Strategy & Operations Lead with 8+ years of international experience designing, automating and scaling cross-functional processes across SaaS, startups and retail tech. Built teams, decision frameworks and operating models from scratch, using data and automation to turn strategy into execution. French native, fully bilingual in English. **Technical stack**: SQL, Python, Tableau.

EXPERIENCE

GTM and Sales Strategy Consultant (Freelance) · NEURALK-AI · Paris, France **2026 – present**

- Defined the sales strategy for a **$4M**-seed tabular foundation model startup: mapped **37** use cases to buying teams, prioritised **2** verticals and built the sales deck used to approach bank credit decision-makers.

Strategy and Operations Manager · NIKE EHQ · Amsterdam, Netherlands **2024 – 2026**

- Built an Excel store potential model (sell-through, traffic, conversion, market trends) to guide EMEA commercial investment, surfacing **10** high-potential locations left out of commercial prioritisation.
- Designed the EMEA execution operating model for Men's Sportswear seasonal campaigns (~**$25M** quarterly demand): operational cadences, governance and playbooks aligning **5** teams, **100%** on-time delivery over **4** seasons.
- Rebuilt Cyberweek reporting for leadership: **100** slides cut to **10** in one decision format; Cyberweek sales grew **+20%** the following year.

Sr. Analytics and Operations Manager · NIKE EHQ · Amsterdam, Netherlands **2022 – 2024**

- Built a member retention framework from large datasets across **15** purchase journeys: piloted on one (**+4pp** repeat purchase), then scaled company-wide (**+3pp**) via a self-serve Tableau tool used by **8** teams. Best Insights & Analytics project of FY23 among **80** peers.
- Owned the digital commerce quarterly planning cadence (intake, scoping, delivery planning) across cross-functional teams, increasing project delivery rate by **20%**.

Product Operations Lead · NIELSENIQ (ex-Foxintelligence) · Paris, France **2021 – 2022**

- Rebuilt the product operations function for a multimillion-€ ARR B2B analytics SaaS platform (**100+** enterprise clients, **1,000+** users): hired and led a **5**-person team, retained through the NielsenIQ acquisition; set up the processes behind the launch in **4** new European countries.
- Launched and operationalised a freemium tier (**+40%** signups, **+25%** SQLs, **10%** free-to-paid conversion) and defined **5** user health segments for Customer Success to prioritise at-risk accounts (**82%** CSAT).
- Set up one company-wide intake, prioritisation and delivery backlog: **500+** product enhancements and fixes shipped while ARR doubled.

Analytics Engineer and Client Operations Lead · NIELSENIQ (ex-Foxintelligence) · Paris, France **2019 – 2021**

- Owned end-to-end client operations for **15+** high-value enterprise e-commerce accounts (onboarding, escalations, support): **100%** renewals and upsells across the portfolio.
- Reconstructed missing historical data for Leclerc with a backward propagation model, unlocking **€2M** incremental ARR.
- Developed new BigQuery enrichment pipelines that opened new business verticals and supported the acquisition of **30** new enterprise clients.

PERSONAL PROJECTS

RADAR · AI-powered Paris event discovery platform (https://radar.paris/) **2026 – present**

- Shipped and run solo a live map of new Paris events and venue openings (~**100** new listings/week): **150+** scrapers and an INSEE SIRENE pipeline in production validated by Tavily web search and LLM judges (Claude, Groq), orchestrated with n8n and running on near-zero API cost.

EDUCATION

Le Wagon · Advanced Data Science and AI certification · Paris, France **2026**

- Machine Learning, Deep Learning, MLOps. Final project: ResNet50 model detecting AI-generated images (**92.7%** accuracy).

ESSEC Business School · "Grande Ecole" Program · Paris, France **2015 – 2019**

- MSc in Management, Major in Big Data Analytics. Internships at Valeo (6 months) and L'Oréal (12 months).

Saint-Louis de Gonzague, Franklin · « Classe Préparatoire » · Paris, France **2013 – 2015**

- Major in Mathematics & Economics.

HOBBIES

Stand-Up Comedian · Amsterdam, Paris **2022 – present**

- Performed for audiences of 10–450. Opened for Roman Frayssinet, Thomas VDB, and Redouane Harjane shows in Amsterdam.
